Introduction to delineation of appearance and character in natal astrology. The following document is a hand-written analysis of **D. C. Stephenson**, using the principles of medieval predictive astrology. The discipline of natal astrology focuses on the fate of an individual based on a horoscope cast for the moment of birth. Within natal astrology, the 1st house occupying the eastern horizon at birth describes the native: physical vitality, appearance, and character. Between the Hellenistic and Medieval eras several specialized models were developed to assess these characteristics. They include **longevity** (vitality and length of life), **physiognomy** (form and shape of the face and body), **victor of the chart** (overall life purpose), **manners** (social conduct including ethical behavior), and **temperament** (elemental mix of fire, earth, air, and water with applications in medical astrology). Prior research has presented models and results for longevity (*A Rectification Manual: The American Presidency*, Chapter 4) and physiognomy (*Astrological Physiognomy: History and Sources & Astrological Physiognomy: Empirical Tests of the Leo Rising Decan*).

Victor of the Chart. Included are two competing models for computing the victor of the chart said to be the single most powerful planet in the horoscope. According to Plato's follower Porphyry, by configuration in the natal horoscope the planet signifying the victor of the chart shows the life choice made by the soul prior to incarnation. Plato explains the details of his soul model in *The Myth of Er* found in the closing pages of his work *The Republic*. Porphyry and his peer Antiochus offer specific rules for determining the victor of the chart. The method of Antiochus/Porphyry is compared to a later method for determining the victor suggested by the Jewish Rabbi Abraham ben Meir ibn Ezra, a philosopher and astrologer active in the 12th century. For a discussion of these two models, see the companion paper *Victor of the Chart: Testing Methods of Antiochus/Porphyry and Ibn Ezra*, which serves as a key to what is presented here.

Manners. Plato was not alone among Greek philosophers in conceiving models for the soul. Aristotle's model of vegetative, sensitive, and intellective soul levels (assigned respectively to the plant, animal, and human kingdoms) was taken up by Ptolemy, who found a correspondence between the sensitive and intellective soul and Moon and Mercury in the natal horoscope. Configuration of the Moon and Mercury, with special emphasis given to their rulers, is a second method for analyzing the soul. Ptolemy introduces this model in *Tetrabiblos III.13* "Of the Quality of the Soul." Subsequent authors refer to this model as "Significators of the Soul" or "Manners." A summary template for the Moon and Mercury is presented in the paper and will be further developed in future versions.

D. C. Stephenson

D. C. Stephenson (August 21, 1891 – June 28, 1966)

David Curtiss "Steve" Stephenson was a convicted murderer and rapist, who in 1923 was appointed Grand Dragon of the branch of the Ku Klux Klan in Indiana and head of Klan recruiting for seven other states. Later that year, he led those groups to independence from the national KKK organization. Amassing wealth and political power in Indiana politics, he was one of the most prominent national Klan leaders. "He was viewed as responsible for reviving the Klan and widening its base, and considered the most powerful man in Indiana". He had close relationships with numerous Indiana politicians, especially Governor Edward L. Jackson.

In *Stephenson v. State* (1925) Stephenson was tried for and convicted of the abduction, rape, and murder of a young white woman, Madge Oberholtzer, a state education official. His trial, conviction and imprisonment ended the portrayal of Klan leaders as law abiding. The case destroyed the Klan as a political force in Indiana, and significantly damaged its standing nationally. Denied a pardon by Governor Jackson, in 1927 he started talking with reporters for the *Indianapolis Times* and released a list of elected and other officials who had been in the pay of the Klan. This led to a wave of indictments in Indiana, more national scandals, the rapid loss of tens of thousands of members, and the end of the second wave of Klan activity in the late 1920s.

Stage I. Determine the Ascendant sign

Firdaria

For a horoscope with a Sun-Venus-Mars Leo stellium, Mars combust, a review of Mars Firdaria periods is key to choosing either diurnal or nocturnal Firdaria series. For the nocturnal Firdaria series, Stephenson severed ties with the national KKK organization in September 1923, one month after the start of his major Mars period. His peak political power and influence on national political party conventions during the Summer of 1924 occurred all during this Mars-Mars period. The following Mars-Sun period (emphasizing Mars' combust and brutality) timed the rape and mutilation of Madge Oberholtzer who died after her wounds. In the subsequent Mars-Venus period he was found guilty and jailed. Conclusion: Figure is nocturnal.

Moon's Configuration

Time	Moon's Degree	Sect	Configuration
12:00 AM	17PI09	N	Moon separates from Jupiter and applies to Saturn
12:39 AM	17PI34	N	Moon separates from Saturn and applies to Mercury
5:56 AM	20PI54	D	Moon separates from Saturn and applies to Mercury
12:38 PM	25PI08	D	Moon separates from Mercury and is VOC
6:52 PM	29PI03	N	Moon separates from Mercury and is VOC
8:22 PM	00AR00	N	Moon applies to Venus
12:00 AM	2AR16	N	Moon applies to Venus

For a nocturnal figure, in all but 3 ½ hours the Moon is in Pisces. Were Stephenson born late at night the Moon could be in Aries. Sensitive degree analysis for Stephenson's marriages, separations, death of spouses, birth and death of his daughter were inconclusive. By life affairs, his history as a drunk suggests the phlegmatic Moon/Pisces over Moon/Aries. If that is a correct conclusion, then other than a narrow birth time window between 6:52 PM and 8:22 PM with a VOC Moon, odds favor morning nocturnal hours.

By life affairs, considering Stephenson's first job was working for a newspaper as reporter and typesetter; and that his first major responsibility for the Indiana Klan was launch of the newspaper *The Fiery Cross*, the Moon's separation from Saturn and application to Mercury is the logical choice.

If correct, the Ascendant degree range is 18GE, all of Cancer, extending to 28LE.

Configuration of the Chart

His statement "I am the law" is consistent with Mars/Leo in the Ascendant ruling the 9th house of legal affairs.

North Node/Gemini/11th house is consistent with alliances/groups dealing with communication. He in fact started publication of the *Fiery Cross* for the Klan.

Missing is any prominent placement of Cancer (here for Leo rising placed as the 12th house) which is something I initially sought based on Mars/Cancer as the signification of the KKK for the USA timed by Mars/Cancer as the USA's Ascendant Distributor for the period 5-Apr-1917 to 29-Jan-1925. Upon further study, I found only two minor connections between Stephenson's horoscope and the bound of Mars/Cancer (first 7 degrees of Cancer). The Sun's 12th part 6CA48 is placed in the bound. Also Lot of Basis, which is a second derivative based on both Lots of Fortune and Spirit is computed as 6CA11 also in the bound of Mars/Cancer. This is a lot I have not worked with, but others have so I mention it here.

Dynamically he did join the Klan under an L2 subperiod.

Stage II. Determine the Ascendant's range within 1-4 degrees

Physiognomy

Shape of Stephenson's face is full, wide, and fat. There are a number of decans which can produce this shape. The choleric temperament of the Leo stellium is capable of producing a wide face. The phlegmatic nature of Jupiter/Pisces-rx ruling the 2nd rising decan of Leo is also capable of producing flesh. I rate these observations consistent with his appearance, but not definitive evidence in favor of Leo. For instance, the 2nd rising decan of Cancer (Scorpio) could also product this appearance with Mars/Leo the lord of the rising decan.

However it can be said that the first and last decans of Gemini (Gemini ruled by Mercury/Virgo; and Aquarius ruled by Saturn/Virgo) are highly unlikely as rising decans based on the mismatch between Stephenson's face and the pointed chin often seen in Virgo faces as well as facial features which are drawn (definitely not here).

Ascendant decan ruler: Mars/Leo

Releaser and kadukhudhāh. Figures is is nocturnal but Moon is disallowed due to her placement in the 8th house. Sun/Leo/1st qualifies as the releaser and in the sign of rulership may serve double duty as kadukhudhah as well. However, Mars as bound lord of the Sun works well empirically. Bound lord Mars is co-present with the Sun and grants 66 major years. Venus applies to Mars and adds 8 minor years. Net projection is 74 years which is accurate.

Victor of the Chart: Mars/Leo

Porphry's Stage I assigns 3 points to Mars by bound rulership. While Jupiter/Pisces-rx has a higher total score (7) relative to Mars (6), Mars/Leo partile conjunct the Ascendant degree is the hands down obvious victor. "I am the law in Indiana" is a perfect delineation match to Stephenson's powerful hold on Indian politics, however short-lived.

Manners: Jupiter-Mercury (sign rulership); Mars (bound rulership).
