Medieval Astrology Profile for Adolph Eichmann

File History: Initial 26-Apr-2014; Tables Updated 31-May-2016

Introduction to delineation of appearance and character in natal astrology. The following document is a hand-written analysis of **Adolph Eichmann**, using the principles of medieval predictive astrology. The discipline of natal astrology focuses on the fate of an individual based on a horoscope cast for the moment of birth. Within natal astrology, the 1st house occupying the eastern horizon at birth describes the native: physical vitality, appearance, and character. Between the Hellenistic and Medieval eras several specialized models were developed to assess these characteristics. They include **longevity** (vitality and length of life), **physiognomy** (form and shape of the face and body), **victor of the chart** (overall life purpose), **manners** (social conduct including ethical behavior), and **temperament** (elemental mix of fire, earth, air, and water with applications in medical astrology). Prior research has presented models and results for longevity (*A Rectification Manual: The American Presidency*, Chapter 4) and physiognomy (*Astrological Physiognomy: History and Sources* & *Astrological Physiognomy: Empirical Tests of the Leo Rising Decan*).

Victor of the Chart. Included are two competing models for computing the victor of the chart said to be the single most powerful planet in the horoscope. According to Plato's follower Porphyry, the planet signifying the victor of the chart by configuration in the natal horoscope shows the life choice made by the soul prior to incarnation. Plato explains the details of his soul model in *The Myth of Er* found in the closing pages of *The Republic*. Porphyry and his peer Antiochus offer specific rules for determining the victor of the chart. The method of Antiochus/Porphyry is compared to a later method for determining the victor suggested by the Jewish Rabbi Abraham ben Meir ibn Ezra, a philosopher and astrologer active in the 12th century. For a discussion of these two models, see the companion paper *Victor of the Chart: Testing Methods of Antiochus/Porphyry and Ibn Ezra*, which serves as a key to what is presented here.

Manners. Plato was not alone among Greek philosophers in conceiving models for the soul. Aristotle's model of vegetative, sensitive, and intellective soul levels (assigned respectively to the plant, animal, and human kingdoms) was taken up by Ptolemy, who found a correspondence between the sensitive and intellective soul and Moon and Mercury in the natal horoscope. The configuration of the Moon and Mercury, with special emphasis given to their rulers, is a second method for analyzing the soul. Ptolemy introduces this model in *Tetrabiblos III.13* "Of the Quality of the Soul.*"* Subsequent authors refer to this model as the "Significators of the Soul" or "Manners." A summary template for the Moon and Mercury is presented in the paper and will be developed further in future versions.

Adolph Eichmann (March 19, 1906 - May 31, 1962)

At 4:00 p.m. on May 23, 1960, Israeli Prime Minister David Ben-Gurion walked to the podium at Israel's Knesset and made the following announcement:

> I have to inform the Knesset that a short time ago one of the most notorious Nazi war criminals, Adolf Eichmann who was responsible, together with the Nazi leaders, for what they called the 'Final Solution of the Jewish Question,' that is, the extermination of six million of the Jews of Europe - was discovered by the Israeli Security Services. Adolf Eichmann is already under arrest in Israel and will shortly be placed on trial in Israel under the terms of the law for the trial of Nazis and their helpers.

The announcement was a bombshell. Eichmann's capture on foreign soil in Argentina by Mossad operatives and Eichmann's subsequent trial and execution were defining moments in the history of modern Israel. For the first time since the Holocaust, a younger generation of Israelis were exposed to details of the Nazi war against the Jews, a subject which had been swept under the rug by a variety of factors including guilt of Holocaust survivors and Israeli children who were embarrassed to probe into a forbidden topic.

That Eichmann's physical appearance was so ordinary - described by Mossad Chief Isser Harel as a "postal clerk" - struck a raw nerve among the public who could not believe Eichmann's defense he was merely following orders and that he was not directly responsible for the deaths of Jews. Eichmann's testimony led Jewish-American philosopher Hannah Arendt to describe Eichmann's activities as the 'banality of evil' for the ability of an otherwise ordinary person to commit obscene acts of evil. In turn, Arendt stimulated Stanley Milgram's famous 'obedience to authority' study conducted during the 1960s at Yale University where students deliberately shocked other participants in an experimental setting according to rules which conceivably could have killed the other participants (in actuality paid actors who faced no actual shock risk).

Eichmann's life prior to his activities with the Nazi party was rather ordinary. He worked for his father's mining company then as a traveling oil salesman before joining the Nazi Party in 1932. As a member of the Nazi Security Service starting in 1933, Eichmann was assigned to the department for Jewish Affairs whose mandate was Jewish emigration out of Germany. Originally, Jews were to be segregated into ghettos and moved to reservations in south-east Poland, later Madagascar. With the Wannsee Conference on January 20, 1942, plans changed. Eichmann was now charged with the logistics of moving Jews to concentration camps for extermination. Eichmann's activities following Germany's invasion of Hungary on March 19, 1944 were the most high profile events of his role as logistical manager of the Final Solution.

With the collapse of the Third Reich in 1945, Eichmann successfully shielded his identity from the Allied Occupation by working anonymously as a lumberjack for several years. By 1950 he managed to successfully navigate a well-organized underground network designed to transport Nazis to Argentina whose political leadership under Juan Perón was sympathetic to former Nazis. On July 14, 1950, he arrived in Argentina as Ricardo Klement and worked for 10 years in a Mercedes factory. An initial tip made in September 1957 eventually led to Eichmann's capture by the Israeli Mossad on May 11, 1960. Following his 1961 trial, Eichmann was sentenced to death by hanging and died on May 31, 1962.

Available Birth Data

Astrodatabank reports an AA-rated birth time of 7:30 PM. Curiously, Hannah Arendt quotes Eichmann in her book *Eichmann in Jerusalem: A Report on the Banality of Evil* stating he was born at 5:00 AM.

The proposed rectification is slightly earlier than the AA-rated birth time. Ascendant remains Libra.

Stage I. Determine the Ascendant sign

With an AA-rated birth time, the objective is to confirm the Ascendant sign through basic delineation methods including configuration of the chart. On initial glance, three things stand out.

Lot of Fortune in the 3rd ruled by Jupiter/Gemini/9th. Eichmann traveled well and evaded detection by relocating in Argentina. Though I have not yet published this finding, preliminary mundane work suggests Argentina is a Gemini country (see for instance the role of Saturn's Gemini transit in timing Argentina's economic meltdown during 2000-2003). His trial was attended by approximately 750 journalists and the verdict was read in multiple languages. These facts are consistent with the expansion (Jupiter) of communications (Gemini) and languages (Gemini) in a courtroom setting (9th of the law).

Ascendant ruler Venus/Aries in generosity with Mars/Taurus ruling the 7th and 8th houses. The configuration of Venus/Aries in generosity with Mars/Taurus signifies the most notorious style of sadism I have ever encountered in astrology. Within natal astrology, the horoscope of President Andrew Jackson is recalled (b. 15-Mar-1767) who was notorious for savagery against Native

Americans. Within mundane astrology, this configuration was central to the sadism of the Chinese Cultural Revolution (launched 16-May-1966). In my work on Hitler's nativity and unpublished mundane research on Israel, I have made the case that Taurus is the best mundane assignment for the Jewish race and the modern state of Israel. Accordingly Mars/Taurus signifies the burning and destruction of the Jewish race; Venus/Aries signifies the sadism with which the destruction occurs. The fact that these planets are placed in AND rule the 7th of open enemies and the 8th of death/gates of hell demonstrates in which life affairs their evil will play out: the death and destruction of open enemies.

Sun/Pisces in the 6th. During Eichmann's Major Sun Firdaria period, he hid in Argentina. Sun in cadent houses is difficult to detect and consistent with the Sun in this house position.

Stage II. Determine the Ascendant's range within 1-4 degrees

Given Eichmann's prominent capture on 11-May-1960 which was publicized by Ben-Gurion in the Israeli Knesset on 22-May-1960 once Eichmann arrived on Israeli soil, dynamic activity to the 12th house Lot of Accusation, Exile, and Injury is of interest. I also compute the 6th house Mars-Saturn lot.

Lot	**Longitude**	**Antiscion**
H6. Lot of Chronic Illness	8LE39	21TA21
H12. Lot of Accusation, Exile, and Injury	25SC34	4AQ26

11-May-1960. Day of Capture
dsa Sun 21TA12 conj antiscion of 1st lot.
tr. Sun 21TA13 conj antiscion of 1st lot.

I suggest the events timed by this sequence correspond to affairs of the Nazi regime not directly involving Eichmann. Distributor Jupiter/Gemini in the 9th of the law indicates a legal maneuver based on questionable ethics (English idiom: "making a mountain out of a molehill."). The participator Venus/Aries indicates sadism and is consistent with the sadistic slaughter of Hitler's opponents during the Night of Long Knives.

Releaser and kadukhudhāh. Figure is nocturnal and Moon is preferred. However ruler Saturn is peregrine and Venus, Mars, & Moon are all in detriment. True Mars is participating triplicity ruler of earth and decan ruler Mercury is in his own bound but it is unclear whether these minor dignities are sufficient to grant the Moon status as releaser. If not the Moon, then for preventional figures we go to the Lot of Fortune but the lot is disqualified for position in the cadent 3rd house. Next is the Ascendant and while we revisit many of the same dignity problems when first testing the Moon, let's reconsider Saturn again as Saturn is in a strong solar phase and is disposed by Jupiter in the 9th. Eichmann's longevity after all is just short of Saturn's major 57 years which appears to be the logical choice for kadukhudhah. Death sentence of 15-Dec-1961 was timed by trSaturn conj nMoon which also suggests the Moon as a reasonable candidate for releaser despite earlier reservations.

Victor of the Chart: Mercury/Aries

Ibn Ezra's method selects either Mercury or Venus; Porphyry's Stage I criteria adds Mars, Jupiter, or Saturn. In choosing Mercury as the victor, I am persuaded by Mercury's signification as businessman, and the signification of Aries as a war planet. Eichmann's primary life purpose was the business of war; however simplistic that sounds, it is very clear in this case. Mercury/Aries can also signify a wartime messenger - as it played out in Hitler's own horoscope. Also consider that the shape of Aries from a physiognomy perspective is an arrowhead and Aries signifies movement. I have also seen examples of planets in Aries manifest as people lining up in cues - which is a delineation match to the Jews and others persecuted by the Nazis ordered to stand in line awaiting deportation. It is an efficient sign for moving cargo from point A to point B in a business sense.

Astrologically, Mercury/Aries is in his own bound, is angular in the 7th, is about to turn retrograde (which adds power to the planet's agenda). Perhaps most important is the Moon's separation from Mercury and application to the Sun. I suggest this configuration has a similar effect as combustion on a planet's excitability and inability to view its own actions from the viewpoint of an impartial observer. This configuration of the Moon, Mercury, and Sun appears the source of Eichmann's blind obedience to the Nazi regime. Finally, consider the accuracy of minor Mercury Firdaria periods in timing Eichmann's initial transfer to the Nazi Security Service (1934), the Wannsee Conference (1942) and his trial in Israel when Eichmann defended himself by his obedience to the laws of the time (1961).

Manners: Saturn-Mars or Mars.
